Chapter 9 MQTT

Cayenne (developers.mydevices.com) announced that Cayenne MQTT broker will be discontinued in September 2023 (community.mydevices.com/t/end-of-life-announcement-for-cayenne/18926). Chapter 9 *MQTT* has been updated with the Blynk and the Arduino IoT Cloud MQTT broker services. The updated Chapter and accompanying sketches are included in the **Chapter 9_NEW** folder on GitHub (github.com/Apress/ESP32-Formats-and-Communication/tree/main/Chapter9_NEW).

Corrections

Despite repeatedly checking the page proofs, some typos may have persisted.

If you find typos, then please either email esp32ndc@gmail.com or use *GitHub Issues* to log the typo or other issues.

Page 88 last – 5 line Change expression to $(A > B) ? C : D$ by inserting a $?$

Page 367 Line 10 Change `SCTpin = 37` to `SCTpin = 36` (as in Figure9-7)

Page 395 Line 9 Change comment to "Clear LCD screen"
